Subject: Re: Taminco US LLC - Meeting with EPA

Jessica: I am out of the office. Please cc Lindsay tomorrow so she can get this info to the team. I'm not sure how much time they will have before the meeting to review your questions as many of them are out tomorrow and some on Monday. We are also trying to find an attorney available for the call. If we can not get one at this time, we will either need to reschedule or ask you not to have your counsel on the call.

Hello Heather,

I have been working with Juli Mann from Steptoe & Johnson LLC regarding the recent rejection we received of our chlormequat chloride Section 3 petition. I know she has been in communication with you and we have a meeting scheduled for June 4, 2019 from 2:30-3:00pm EST. I am preparing some documents that I would like to present to EPA, but they will not be finalized until tomorrow (5/31/2019). I intend to send you all of our questions, our presentation, and supporting documents by lunch time tomorrow. I look forward to our meeting next week.

Regards,
Jessica
